Premium  
Pet Products

# The Brand

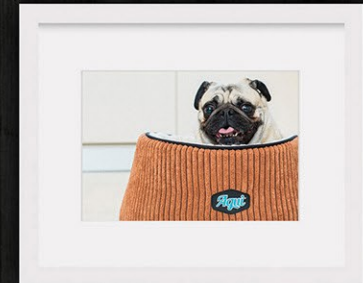

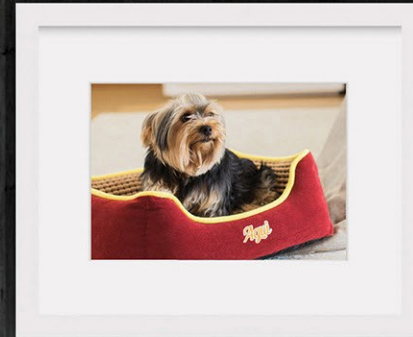

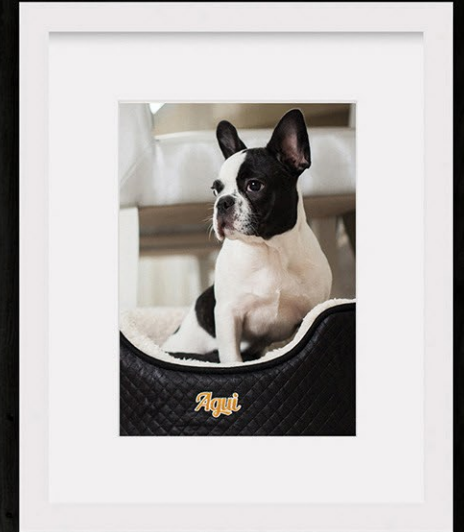

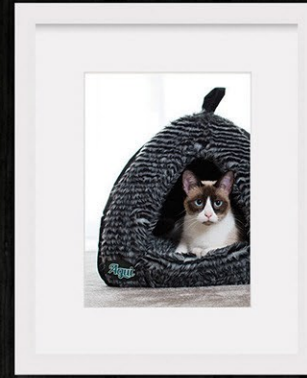

Over the years of experience we have in the portuguese market of pet accessories, we came to realize that the offer was not ideal with regard to comfort products. The product offered on the market was too common, we wanted something different. So we decided to create our own collection.

What we present you in this catalog is a different product range with innovative modern lines to suit any style or decor of your home. The design was not our only concern, sought to create functional and practical beds and especially with materials and fabrics that provide comfort and well-being of our pets.

Our concern was reflected in every detail, so we present a different product with quality, competitive price and distinctive design.

We will provide to all our pet friends a new experience. They deserve.
